About

These flashcards are a digital sample of hardcopy sets available as study aids for the Practical Audio Visual (PAV) Chinese series of books, also known as the "ShiDa" books. The flashcards are available in 3 sets to complement books 1, 2_上 and 2_下. Each set contains approx 1000 cards.

These flashcards are not affiliated with the PAV book publishers. However, to study most effectively, it is essential that the respective PAV book is purchased before using these flashcards.
